OUR SERVICES

OUR JOINERY FACTORY - Bespoke Wood Works For Commercial and Hospitality Projects

Spectro is a leading wooden bespoke joinery in KSA , provides world-class customized and innovative solutions for client across various industries.

Our fully integrated manufacturing facility is built on a 4000sqm area in South of Riyadh Industrial Area, and are equipped with modern technology machinery to enable multi-run production backed by a skilled team of over 100 plus craftsman and artisans.

Our joinery factory is where we showcase our passion for timber and its natural beauty, including its imperfections. We source high-quality veneer from various parts of the world to ensure that only the best materials are used for our projects. With our team of Skilled Technicians, we produce the most complicated bespoke/ customized pieces to the client design intend. We love experimenting with different finishes and techniques to create unique design that brings a mix of warmth and beauty into every High End projects we undertake.

We are innovative. We combine our passion for design with our extensive expertise in joinery works. Every details of our project is precisely fitted to the specific requirement tailored to our clients design intent.

We are committed. We thrive to serve and meet our client's highest expectations with utmost integrity by transforming your ideas into quality designed solutions delivered on time and at competitive prices. Our large portfolio of clients include Headquarters for Corporate Offices, Luxury Hotels, Industrial sectors and Retail Outlets.

MARBLE YARD CUTTING AND POLISHING WORKSHOP

At Spectro Marble and Stone, we consider as a key element on the built in furniture for all our projects. Our objective in setting up our own marble cutting workshop and a yard is to ensure that all our clients find a stone solution that fully meets their aesthetic, quality, maintenance and financial expectations.

Spectro Marble and Stone workshop was established in 2021 and is located in South of Riyadh Industrial Area. From our 5,000sqm factory located @ South of Riyadh Industrial Area and dedicated technicians teams we provide the highest level of workmanship and ensure that all works are delivered satisfactorily based on technical knowledge and qualifications. These include identification and supply of suitable materials, samples and production of workshop drawings developed from approved architectural plans. We produce cutting sheets based on these drawings and offer practical advice related to optimum usage of materials and selection of suitable product.

Our approach to projects is to maximise efficiency and quality through our production plant, equipment and qualified personnel using state-of-the-art equipment and utilising our vast depth of knowledge and experience acquired from successful completion of a large number of technically diverse projects. We can satisfy the most extreme requests of clients no matter the technical difficulty.

OUR UPHOLSTERY FACTORY

OVERVIEW

Upholstery was initially developed to supplement our joinery operation. In a short space of time it became evident that our upholstery works was in such demand, that it became necessary to set this up as a fully pledged separate workshop.

Our upholstery operation operates from our own 800sqm facility in South of Riyadh industrial Area, which includes a factory consisting of all the required machinery and equipment.

All our upholstery works are of the highest quality available in the market and is comparable, if not superior, to most upholstery works worldwide. Our artisans with the highest level of skill and experience and our managers are amongst the most accomplished in the industry. Our philosophy is to ensure all work is of the highest quality, with particular emphasis on detail and longevity of materials. We have the capability to cater for all upholstery needs, including soft furnishings, drapery, cushions, fabric panelling, sofas and seating, and any other requirements our clients may have. We have achieved enormous client satisfaction through our ability to advise specifications suitable for purpose as well as implementation of work to the highest standards.

Many signature projects in the region have utilised our upholstery works with great success and satisfaction, and to this day are our best advertisement. Our repeat business is testament to our client satisfaction.

We aim to continue in this vein and look to develop our facilities, skills and abilities further in the near future.

A worker wearing a blue protective suit, mask, and hairnet is using a spray gun to apply a finish to wooden furniture components in a factory setting. The background shows a large industrial space with multiple levels and railings.

ASSOCIATED PARTNER CONTRACT FURNITURE

ASSOCIATED PARTNER FOR CUSTOM MADE FURNITURE

Spectro has earned a strong reputation as a reliable FF&E provider for supply and installation of Loose furniture, Decorative lightings, Carpets, Rugs, soft furnishing and Upholstery Goods.
